**Promoting with joy  
together for success at school**

Schule Rudolfstetten - Friedlisberg

Dear parents

From our experience we know that your child's success at school is not accidental. The support of parents in the development of their children is very valuable and important. For this reason, we started the project "Encourage with joy - together for school success", which we have now been carrying out successfully for several years. Many other communities and cantons also see the importance in early childhood development and have launched similar projects.

The time before entering kindergarten is very important and you are already giving your child important skills. In this way, you help your daughter / son to make a successful start to kindergarten and school life in two years.

Our project provides for one parent event per year. These are as follows:

### Event 1: Two years before kindergarten entry

Anlass 1 2 Jahre vor Kindergarten	Anlass 2 1 Jahr vor Kindergarten	Anlass 3 3 Monate vor Kindergarten	2 Jahre Kindergarten	6 Jahre Primarschule	3 Jahre Oberstufe
---	--	--	-------------------------	-------------------------	----------------------

At this 1st parents evening we will introduce the project to you and you will receive helpful information and suggestions on how you can support your children in their development in a holistic way. Film sequences and practical instructions will show you what opportunities are available at home, outside or at the crafts table. Participation in everyday situations can help your child to take great steps in their development. Written documents (in a folder) will be handed out for your support. Also on <http://www.kinder-4.ch> you can see many examples.

### Event 2: One year before kindergarten entry

Anlass 1 2 Jahre vor Kindergarten	Anlass 2 1 Jahr vor Kindergarten	Anlass 3 3 Monate vor Kindergarten	2 Jahre Kindergarten	6 Jahre Primarschule	3 Jahre Oberstufe
---	--	--	-------------------------	-------------------------	----------------------

Visit on a Saturday morning in the kindergarten with your three-year-old child.

In a small post run you will be shown learning opportunities and you will be allowed to participate. Whether playing games, doing handicrafts or doing gymnastics - the child's natural curiosity never ends. With a healthy Znüni, which the children will prepare themselves, you can meet other parents and children and make contacts. The main purpose of this event is to get to know new play situations with the children. The event does not necessarily take place in the kindergarten where your child will later be assigned.

### Event 3: Three month before kindergarten entry

Anlass 1 2 Jahre vor Kindergarten	Anlass 2 1 Jahr vor Kindergarten	Anlass 3 3 Monate vor Kindergarten	2 Jahre Kindergarten	6 Jahre Primarschule	3 Jahre Oberstufe
---	--	--	-------------------------	-------------------------	----------------------

At the parents' evening "Admission to School - Kindergarten Level" you will get to know the kindergarten teachers and we will show you the tasks and goals of the kindergarten. We will also introduce you to various institutions around the kindergarten. Afterwards, the kindergarten assignment will be announced and you will receive the timetable and the invitation to the "visiting morning" (mid-June).

We will inform you written about the events and send you an invitation or registration form.

We look forward to working with you to give your child a good start in school.

### German language

The German language is very important for a successful school career. At the same time it is also very important that the children have a good command of their mother tongue. If one parent speaks German very well, it is of great advantage for a child if German is also spoken in everyday life at home. In this way it is much easier for them to follow the kindergarten lessons, to communicate with the kindergarten children and to establish and maintain contacts. Children grow up with two languages without problems. If you do not speak German well yourself, you should enable your child to have as many contacts as possible with German-speaking children, e.g. in a play group.

It is also important for you as parents to be able to communicate well with the teachers so that no misunderstandings arise during parent-teacher meetings.

## The school years

Anlass 1 2 Jahre vor Kindergarten	Anlass 2 1 Jahr vor Kindergarten	Anlass 3 3 Monate vor Kindergarten	2 Jahre Kindergarten	6 Jahre Primarschule	3 Jahre Oberstufe
---	--	--	-------------------------	-------------------------	----------------------

The deadline for enrolment in kindergarten is 31 July of the year in which your child turns four. In January you will receive the invitation letter with the registration for the kindergarten. It is possible to enrol children one year later.

Primary school lasts six years. Afterwards, the children transfer to the district school in Berikon (upper school), where they receive three years of schooling.

The kindergarten timetable can be found on the website of the Rudolfstetten School. There you will also find much more information about the school, the project "Support with joy - together for school success" and about our childcare offer. ([www.rudolfstetten.ch](http://www.rudolfstetten.ch) - Bildung).
